BÜFFELLAND

2015/16

Kinder · Möbel · Generationen

One of the best commitment for your child's future is investing in his desk.

Desk made by PAIDI.

We have asked our little models what they will be when they grow up. Andres wants to become a firefighter, Tamia dreams of a career as stage actor, Vivien would like to be successful playing the violin, Markus' dream job is being a policeman, Lilly is ready for take-off, Finn would like to turn his hobby into a career and Emelie wants to help people. In order that these dreams become true, our PAIDI team creates furniture that will contribute to a healthy grow up of your child. The children's and youth's desks, drawer units and chairs of the Büffelland range are conceived and designed in that way that kids love spending their time and learning at their own working place.

Your overview of our PAIDI Büffelland.

Dear parents,

from the first day at school, your child will need a place for writing, learning and for improving its abilities. PAIDI furniture is not only made for playing and sleeping but it also makes learning a more fun thing to do - and they will adapt on the demands of your child.

In the PAIDI Büffelland you and your kid can find a child-friendly and ergonomically designed working place that grows with your child and will accompany it for many years: from desk to swivel chair to drawer unit and light and clever accessories -

Of course we give you a 5-year warranty on products of our Büffelland range, as well as all other PAIDI furniture, because the growing and sustainability of furniture is an important aspect of children's furniture.

We hope you enjoy choosing together ...
and that your child will have a lot of fun at its new „working place“.

PAIDI sets the standard.

GS-tested safety

This is the most reliable sign for the functional safety of furniture (and other consumer products). It is awarded by independent testing centers, licensed by the Federal Ministry of Labour.

The RAL Quality Mark

The "golden M" is awarded by the German Association of Quality Furniture (Deutsche Gütegemeinschaft Möbel = DGM) a character that is received only by furniture that are tested through their paces. They must be processed stable, secure, durable and well processed - and also meet the highest standards from a health perspective.

Non-toxic paints

The DIN 53160 and EN 71-3 are one of the strictest standards. It is typically used for children's toys, which is taken very often in the hand or the mouth.

Blue Angel

PAIDI furniture is low in emissions and is allowed to wear the blue angel.

Öko-Tex Standard 100

This lab guarantees that all textiles used were toxic checked.

Guaranteed

For the proper processing we ensure our products with the PAIDI extended warranty of 5 years.

* excluding textiles and mattresses, accessories of Faber-Castell, koziol and BRUNNEN.

Future proof

All current PAIDI catalogue programs * receive a 5-year availability guarantee.

* excluding textiles and mattresses, accessories of Faber-Castell, koziol and BRUNNEN.

Quieter running

PAIDI drawers * are embedded in quality guiding systems - and thus provide comfortable running.

* except universal drawer unit

PAIDI online planner

Do you like to furnish the children's room with a well-appointed youth office? The PAIDI online planner helps you to illustrate how the room will look like.

www.paidi.de/einrichtungsplaner

You can rely on us.

PAIDI grows with your child.

The desks and chairs of the Büffelland program adapt to the body size and needs of children and they are fully adjustable.

PAIDI adapts.

Ergonomics is very important to us: Even the inclination angle of the desk and the seat height and depth of the swivel chairs are individually adjustable.

PAIDI guarantees safety.

The rounded corners and edges help prevent injuries and guarantee maximum safety at the desk.

PAIDI is stable.

Our quality products are extremely durable and can withstand the highest impacts for years.

PAIDI is quality.

We only use high quality materials - and ensure a proper processing of our products.

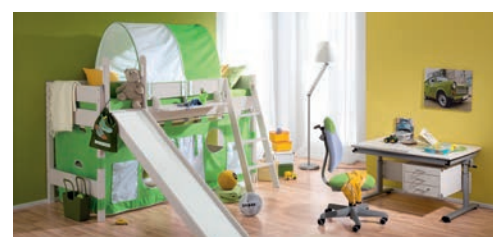

PAIDI always fits.

All furniture of the Büffelland program can be combined with the products of our Babyträume and Kidsworld range.

PAIDI is diversity.

Solid wood or wood imitation, with or without drawer unit - Büffelland furniture is available in many different variants.

Ergonomics in growth.

The desk with the crank.

For a healthy growing and a well-being of your child a correct posture while sitting is important – after all it is in a grow period.

To prevent back problems and poor posture, ergonomic experts and orthopaedists recommend desks and chairs that can be adapted to the size of the child.

PAIDI desks can steplessly adjust in height - and enable an optimal adaptation to the current height. In combination with tilting table tops, muscular tension and headaches can be prevented.

All about a correct adjustment.

In three steps to an optimal seating position.

1. Feet on the floor!

For a determining of an optimal seating height, the soles of the foot should be flat on the floor, the thighs of your child form a horizontal and the lower legs form a vertical line – so that an angle of 90° will be formed.

2. How will you get an upright posture?

An upright posture will relieve the spinal column. Important for that: A correct adjustment of the seat depth helps that the thighs and the back of your child form a right angle.

3. Please take a seat!

After having altered the chair, the height of the desk will be adjusted: If the forearms are at a right angle to the table top, the back is held straight automatically.

The correct height adjustment.

Body size	Table height	Seat height
< 142	53–58	30–34
143–157	59–64	35–38
158–172	65–70	39–42
> 172	71–79	> 46

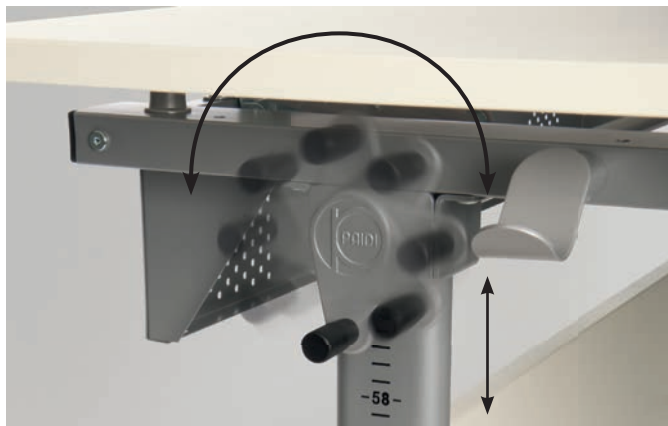

All dimensions are in cm and approximate.

Continuous height adjustment of chairs to provide for the proper posture from the start.

All information about our chairs see pages 42-51 and 60+61.

Well-equipped.

PAIDI desks. The ones with the crank ... and a lot of other functions.

PAIDI desks – the ones with the crank for a continuous height adjustment.

Removable: The crank can be fitted on the left or on the right to adjust the desk in the right height – and after that it will easily be removed.

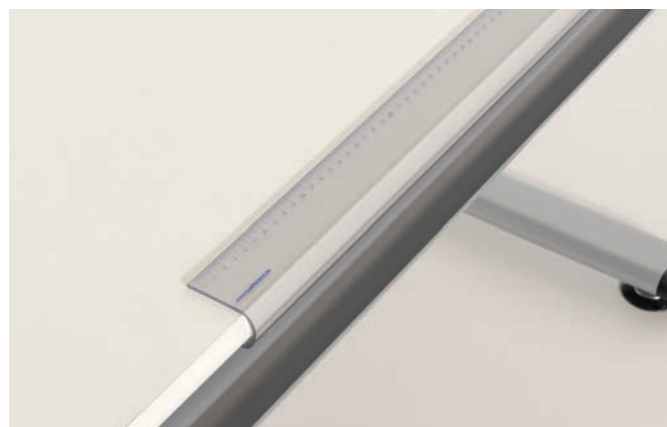

Standard feature: All PAIDI desks are equipped with a high-quality tilting mechanism that permits an inclination up to 19°.

An air suspension is optional available for the desks Falko and Scout. So the desk can be tilted up to 21°.

The hook is made for the satchel. Very practical: It can be fitted on the left or right side.

Double use: The ruler is already handy and is also an edge strip – so nothing can fall off.

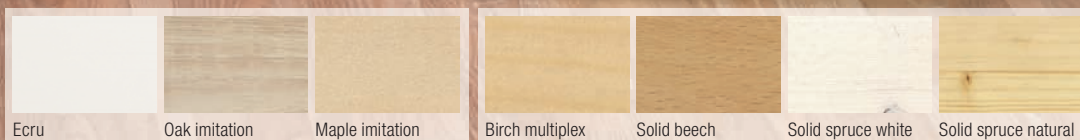

Marco 2.

A real classic in your favourite look.

It always fits: four variants of solid wood, three of wood imitation and three widths.

Flexible: The drawer unit 3D on castors transforms into a comfortable seat by using a seat cushion with bags (available in 11 colours)

Marco 2: details

Height: adjustable from 53 to 79 cm

Inclination: up to 19°

Width: 105 / 120 / 140 cm

Depth: 70 cm

Marco 2.

Feeling stoked for the classical.

Desk Marco 2 in oak imitation, width of 120 cm,
with drawer. Matching drawer unit 3D on castors.
Chair Pepe blue/red-blue. Desk light SWING.

An optimal solution in little or for attic rooms: desk Marco 2 in ecru, width of 105 cm, with tilted plate and drawer. Chair Pepe rose/white-rose

Desk Marco 2 in birch multiplex, width of 120 cm, with storage rail. Matching drawer unit 3D on castors with seat cushion with bags orange/green. Chair Pedro green/green-orange.

Marco 2.

More variants.

Desk Marco 2 in maple imitation, width of 120 cm, with drawer and book holder. Chair Pedro green/green-orange.

Desk Marco 2 in solid beech, width of 120 cm, with drawer, book holder and hanging universal drawer unit. Chair Pepe green/white-green.

Marco 2 GT: details

Height: adjustable from 53 to 79 cm

Inclination: up to 19°

(fixed part of the desk can be mounted on the left or right side)

Width: 130 cm (90 cm tiltable main part, 37.5 cm fixed part)

Depth: 70 cm

Fully flexible: hanging on the desk or standing - by using the universal drawer unit you'll have the choice.

Marco 2 GT.

Shared joy.

More flexibility thanks to the split desk.

Individual: The fixed part of the desk can be mounted on the left or right side.

Clean affair: There is a little brush between the both parts of the desk-top. So utensils like pencils, erasers and so on cannot fall off.

Marco 2 GT.

Fit for the stage: the split desk.

Desk Marco 2 GT in ecru, width of 130 cm, main part of the desk (left side) is tiltable. Matching drawer unit 3D on castors. Chair Pepe design unicorn (pink). Desk light SWING.

Marco 2 GT in ecru, width of 130 cm, tilted main part of the desk (left side), with "Kids-Butler". Matching drawer unit 3D on castors with seat cushion with bags orange/green. Chair Tio orange/white. Desk light SWING.

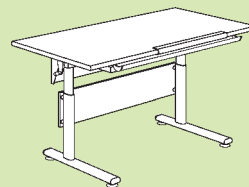

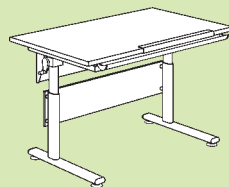

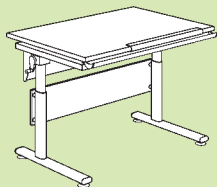

Desk Marco 2 GT in maple imitation, width of 130 cm, main part of the desk tiltable, with book holder. Matching drawer unit 3D on castors. Chair Pepe blue/red-blue.

Tablo.

The multi-media design desk.

Individual colour highlights and smart solutions for mobile phones, tablets and more.

Tablo – the desk with highlights: The well-shaped storage trays are real eye-catcher thanks to the coloured inserts in lime, blackberry, sun yellow, azure-blue or orange – and match perfectly with the drinking bottle and stoup of koziol. In the drawer an utensil tray – empty or filled with writing products of Faber-Castell – is included. Also clever details: the castors for a better desk moving, an integrated cable channel and a practical holder for mobile phones or mp3 player. Perfect matching: drawer unit 3D on castors with silver fronts.

Tablo: details

Height: adjustable from 53 to 79 cm

Inclination: up to 19° (rear desktop part is fixed)

Width: 120 cm

Depth: 70 cm

Tablo.

Time flies when you're learning!

Desk Tablo in ecru, width of 120 cm, storage trays, drinking bottle and stoup in azure-blue, with drawer. Matching drawer unit 3D on castors. Chair Tio azure-blue.

Desk Tablo in ecru, width of 120 cm, with storage trays, drinking bottle and stoup in lime, with drawer. Matching drawer unit 3D on castors with seat cushion black. Chair Tio black/white.

Desk Tablo in ecru, width of 120 cm, storage trays, drinking bottle and stoup in blackberry, with drawer. Matching drawer unit 3D on castors with seat cushion and chair Tio in blackberry.

Tablo.

Colour or clean? A question of taste!

Desk Tablo in ecru, width of 120 cm, storage trays, drinking bottle and stoup in sun yellow, with drawer and "Kids-Butler". Matching drawer unit 3D on castors with seat cushion sun yellow. Chair Tio lime/sun yellow.

Desk Tablo in ecru, width of 120 cm, storage trays, drinking bottle and stoup in orange. Matching drawer unit 3D on castors with seat cushion orange. Chair Tio orange/white.

If your child grows up and like to have a cool desk, the coloured inserts can be easily removed: desk Tablo in ecru, width of 120 cm. Matching drawer unit 3D on castors with seat cushion black. Chair Tio black/white.

Tablo.

Best strategy for successful learning.

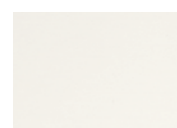

Desk Tablo in oak imitation, width of 120 cm, storage trays, drinking bottle and stoup in lime, with drawer and "Kids-Butler". Matching drawer unit 3D with seat cushion lime. Chair Tio lime.

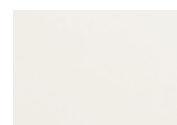

Desk Tablo in oak imitation, width of 120 cm, part tilted, storage trays, drinking bottle and stoup in azure-blue, with book holder. Matching drawer unit 3D on castors with seat cushion azure-blue.

More accessories see pages 66+67.

Colourful and smart.

Tablo scores with storage trays and drinking accessories in your favourite colour.

Hint: If your child likes to have another desk colour - no problem with an extra accessory set. Please ask your specialist supplier.

Tablo loves its five colours and you have the choice - 4 inserts for the storage trays, 1 drinking bottle and 1 stoup in your favourite colour.

Don't forget drinking while playing and learning: Tablo "remembers" children thanks to its drinking bottle and stoup made by koziol.

Tablo is multi-media – no cable tangle thanks to the cable channel: it offers place for a practical multiple socket.

The both integrated holder can also be used as charging station for mobile phones, mp3-player and more.

Out of sight: monitor cables e.g. disappear in the cable channel.

Mobile: thanks to the castors, Tablo is movable.

Tio.

Relied on ergonomics and design.

Tio's equipment

- Continuous seat height adjustment by a special gas pressure spring geared to children
- Adjustment of seat depth and back by continuous lockable positioning armrests
- ↳ for an optimal relation of seat height, depth and seat back, following DIN EN 1335.

Tio and your child: a perfect team ... and it matches up with Tablo!

Tio scores not only with its modern design, but also with its ergonomics and lots of functional details!

Raise the armrest, bring the back into the optimum position, finally bring the armrests back into position - ready. In this way the back can be easily adjusted in height and depth. And for getting the optimum seat height there is a special gas pressure spring geared to children.

Tio's reverse side in silver also looks good.

Changing covers

Tio seat and back covers can be reordered.

Pablo.

The ergonomic chair with armrest positioning.

Pablo's equipment

- Continuous seat height adjustment by a special gas pressure spring geared to children
- Adjustment of seat depth and back by continuous lockable positioning armrests
- ↳ for an optimal relation of seat height, depth and seat back, following DIN EN 1335.
- Weight depending braked safety double castors for soft floors
- Castors for hard floors is optional available (246 801 0)
- Seat: breathable foam pad, back: mesh

Functional

For the optimum seating position the back can be adjusted steplessly: raise the armrest, bring back into optimum position, finally bring the armrests back into position - ready!

Cool mesh

Pablo's back is ergonomically shaped and of a breathable mesh fabric.

Scout: details

Height: adjustable from 54 to 76 cm

Inclination: up to 21°

Width: 125 cm (expandable by optional extensions)

Depth: 73,5 cm

Scout.

Table follows satchel
– made by PAIDI.

All ready to hand: thanks to the practical storage trays and pen holders on both side of the table.

Scout.

The right desk for a healthy growing.

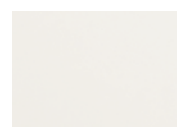

Desk Scout in ecru, width of 125 cm, with extension on the right side and drawer. Matching drawer unit 3D with seat cushion rose.

Chair Scout pink/pink-white.

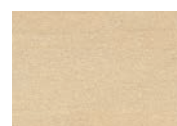

The drawer unit Scout is available in ecru or maple imitation. Thanks to the seat cushion - harmonizing with the Scout chairs - it becomes a comfortable seat for friends or parents. And the side bag offers more storage space.

Ecru

Maple imitation

Scout.

Practical extension: more place for homework!

Desk Scout in maple imitation, width of 125 cm, with extension on the left side, drawer and book holder. Chair Scout blue/blue-red. Desk light SWING.

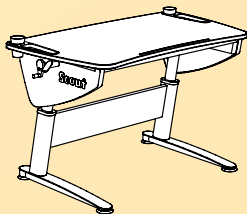

The extension can be mounted on the left or right side and offers place for writing utensils, books and more. The integrated storage trays and pen holders helps keeping things tidy.

Back width: ca. 40 cm

Max. load-bearing capacity: ca. 80 kg

All things are in good keeping.

One drawer unit, a lot of functions: a drawer unit PAIDI on castors is a comfortable seating, it helps keeping things tidy, offers a lot of storage space, ... and is a little safe for private affairs. As universal drawer unit it can be used hanging or standing on castors.

Cushion in 12 colours are available for drawer unit on castors **Marco 2/ Marco 2 GT**. Please take a seat.

The upper drawer is lockable – and the back side offers extra storage space for books, magazines and more.

The universal drawer unit (photo: maple imitation) for **Marco 2** and **Marco 2 GT** helps keeping things tidy: an utensil tray is included in the upper drawer.

Space-saving: the universal drawer unit **Marco 2/Marco 2 GT** can be mounted directly at the desk (on the left or right side).

For the desk **Falko** there is also a matching drawer unit (photo: version 2D in beech imitation). The upper drawer is lockable.

Three drawers means more space: the drawer unit 3D **Falko** (photo: maple imitation). Right: back side with storage space.

The drawer unit **Tablo** (photo: ecru) has a handle for easy moving.

Silver front: the drawer unit **Tablo** (left: oak imitation, right: maple imitation). The upper drawer is equipped with an utensil tray.

SWING

The desk light that swings.

Flexible: By the means of swivel joints the desk light SWING can be easily and individually adjusted in height and the flexible lamp head can be tilted.

SWING: details

Illumination: 400–800 Lux

Lamp: 11 Watt (included)

Surface of illumination: ca. 60 x 60 cm

silver

148 816 9

Eye-friendly: A special prism disk prevents unpleasant glare even when looking directly into the lamp, the eyes are protected and relaxed and concentrated work is ensured.

874/2012

The integrated energy saving bulb reduces costs and gives off very little heat, even after hours of operation the head is only lukewarm. Cool stuff!

More great ideas for a perfect “office“.

It's all a question of being organised.

Photo: Marco 2

For **Falko (148 801 1)** there is a drawer and for **Marco 2/Marco 2 GT** the drawer-plus (**146 801 0**) is available equipped with an included sharpener of Faber-Castell, cushioning and automatic closing.

More place for writing and learning: the storage rail with 2 utensil trays and 2 CD holder can be fixed on the desk.

Width 65.0 / Height 25.5 / Depth 15.5 cm. **146 813 0**

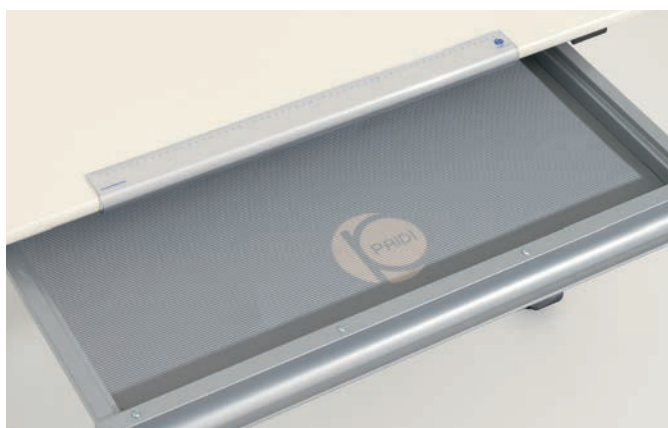

The book holder can also be hung in the storage rail. Anti-slip bottom thanks to sponge rubber. Width 32.0 / Height 18.5 / Depth 16.0 cm, silver. **148 815 1**

The "Kids-Butler": slots in different heights and widths for tablets, books and more – anti-slip bottom by sponge rubber.

Width 32.0 / Height 3.5 / Depth 11.6 cm, aluminium. **140 819 1**

The drawer for **Marco 2/Marco 2 GT** can be equipped with an anti-slip mat. **146 811 0** (matching for drawer 146 800 8)

For the drawer **Marco 2/Marco 2 GT** two utensil trays are available: utensil tray FC with writing products of Faber-Castell (left, **149 819 0**) and utensil tray (right, **149 815 0**).

PAIDI Möbel GmbH

Hauptstraße 87, D-97840 Hafenlohr

Phone: +49(0)9391 501-0, Fax: +49(0)9391 501-160

E-Mail: info@paidi.de, www.paidi.com

PAIDI sets the standard.

GS-tested safety

This is the most reliable sign for the functional safety of furniture (and other consumer products). It is awarded by independent testing centers, licensed by the Federal Ministry of Labour.

The RAL Quality Mark

The "golden M" is awarded by the German Association of Quality Furniture (DGM) a character that is received only by furniture that is tested through their paces. They must be processed stable, secure, durable and well processed - and also meet the highest standards from a health perspective.

Non-toxic paints

The DIN 53160 and EN 71-3 are one of the strictest standards. It is typically used for children's toys, which is taken very often in the hand or the mouth.

Blue Angel

PAIDI furniture is low in emissions and is therefore allowed to wear the „blue angel“.

Öko-Tex Standard 100

This lab guarantees that all textiles used were toxic checked.

Guaranteed

For the proper processing we ensure our products with the PAIDI extended warranty of 5 years.

* excluding textiles and mattresses, accessories of Faber-Castell, koziol and BRUNNEN.

Future proof

All current PAIDI catalogue programs * receive a 5-year availability guarantee.

* excluding textiles and mattresses, accessories of Faber-Castell, koziol and BRUNNEN.

Quieter running

PAIDI drawers * are embedded in quality guiding systems - and thus provide comfortable running.

* except universal drawer unit

PAIDI online planner

Do you like to furnish the children's room with a well-appointed youth office? The PAIDI online planner helps you to illustrate how the room will look like.
